

DOUBLE WALL HEATING & COOLING BARREL

The best way to control temperature

- You can now maintain a constant temperature using a double wall heating and cooling barrel. (Recommended working temperature 2 – 40 degrees Celsius)
- The heating & cooling barrel gives you the ability to avoid cold rooms and incubators.
- Available in three sizes: 50 liter, 100 liter, and 200 liter.

(For barrel dimensions please see the reverse side of the brochure.)
